EMAILED VENDORS BID RESPONSES

18-52MB -- Shade Structures

This page shows all vendors that were emailed bid notifications (see note below) and their activity after accessing the retrieve bid link in the email or from them downloading the documents from the solicitations page. Activity by a vendor is shown by the date something was done. If no date appears then no action was taken by the vendor.

★ Effective 03/20/12 at 8:30 p.m. Arizona Time:

A new feature was added where if a vendor was not emailed a bid alert email:

- either because their vendor profile did not have a matching zone or bid category for the posted bid, or
- they registered after the bid was posted, and
- they downloaded the **MAIN BID DOCUMENT** from the vendor current bids page, and
- they had their vendor profile set to receive bid emails, then
- they will be emailed about future bid addendums, if the bid is rejected or when it is awarded, and
- you will find them listed in the [Vendor Excel List](#) with Sort ID = 5 at bottom of Excel list with row color of Pale Yellow

57 Vendors Found

[Bid Responses from All Other Vendors -- Not Emailed](#)

 [SEE MORE DATA](#)

★ You will need to click on the **VENDOR LISTING** section below so it expands prior to using the options below.

SHOW / HIDE -- You can click on **Show** below to have a new column appear within the Vendor Listing for email addresses, vendor user IDs and addendums (if any were posted for this bid). Once you have clicked on **Show**, the option **Hide** will appear to allow you to remove the column by clicking **Hide**.

VENDOR USER ID -- When a vendor registers, a user ID is automatically created and assigned for that newly created vendor profile. These vendor user IDs are used to associate their vendor profile throughout all communications they have with the website, as well as with any bids for which they are sent bid alerts. Each vendor registration exists independently from all other vendors, including if the same firm has registered three times. So, if a vendor has three profiles for their company they exist as three different vendors in the system. Listing the vendor user IDs should help in clarifying this.

Click on vendor firm name below to see their complete details.

Email addresses - **Show**

 Vendor user ID - Show

 Addendums - Show
